

COVID-19 Update-We Are Here For You!

At EVS we are committed to being here as usual to serve the emergency and urgent care needs of your pet. We will continue to operate during our full regular business hours.

For the time being we are providing curbside service to help keep you and our staff as safe as possible while still providing quality compassionate care for your furry family member. We are also requesting if possible, to you use our on-line registration form [here](#) to help speed up transfer. We greatly appreciate everybody's patience and cooperation during these unusual times.

Please call us for more details at 630-960-2900
